STANDARD OIL INCREASES STOCK TO $100,000,000

Stockholders of Mammoth Corporation Hold Meeting in Richmond Yesterday—Stock Will Be Issued Into Treasury and Sold at the Discretion of Directors—Much Speculation Rife as to Reason for Increase in Stock as Company is Well Equipped With Refineries and Pipe Lines

The stockholders of the Standard Oil company of California, at a special meeting yesterday in this city, voted to ratify the recommendation previously made by the directors authorizing an increase in the capital stock of the company from $50,000,000 to $100,000,000 the additional $50,000,000 to be held in the treasury and to be disposed of at the discretion of the directors as the needs of the company may require.

At present the company has virtually no authorized and unissued stock, the last block of 45,000 shares having been distributed quite recently. At the same time the directors authorized the sale of the block to stockholders at par, they recommended that the stockholders authorize an additional $50,000,000. For the last stock sold authority was sought and obtained from the state railroad commission, and it seems likely that similar action will be taken in connection with the new issue.

From the fact that the company's announcement refers to this new issue as "treasury stock," it seems likely that it will be formally issued en bloc to the company, to be resold as occasion requires. In following this course but one application would have to be filed with the Commission, while if the stock were issued in small blocks a separate application would have to be filed for each issuance.

The knowledge that the stockholders would meet yesterday for this purpose gave rise to considerable speculation concerning the reasons for issuing so great a sum at this time. The company is pretty well equipped with refineries, pipe lines, storage, etc., and has an enormous cash surplus to supply any ordinary needs along these lines. The impression seemed yesterday to be quite strong that so great a sum would have been provided for only in contemplation of purchasing other properties. In connection with these surmises, the Associated Oil company received the most mention.

LARGE ACREAGE DEAL IS CLOSED BY LOCAL MEN

A large realty deal was closed yesterday afternoon by Bert Kerley and W. A. Lucas who sold forty-seven acres of hillside land adjoining Arlington terrace to William Stiller and Harry Dart, two well known San Francisco capitalists. Immediately following the closing of the deal arrangements were made to subdivide the property into lots which will be put on the market under the name of the Richmond Park Site tract.

Just what the exact price paid for the property amounted to could not be learned but it is estimated that it was well up in the thousands.

NARBETT VISITS THE COUNTY SEAT

(Martinez Standard)

Architect James T. Narbett of Richmond was in Martinez today to take hold of some part of the boom that is manifesting itself at the county seat. Mr. Narbett does not want it known but in the interest of the public the fact cannot be suppressed that he is a brother-in-law of County Auditor A. N. Sullenger.

SHADOW AUCTION SALE

The Baraca, Philaphea classes of the Calvary Baptist church will hold a shadow auction sale in the club house of these classes tonight at 8. Come, and bid for a girl's shadow, and if you win, you can eat supper with her. Ice cream, cake, and lemonade will be served, and games will be enjoyed. Come with well-filled pocket books, and we will give you satisfaction.

AMBULANCE FOR PATROL WAGON? NO SAYS ARNOLD

"The proposition of using the Clark auto ambulance for a patrol wagon is folly," was the statement made by Chief of Police Arnold at the city council meeting last evening.

The health committe had reported favorable on Clark's offer to use his ambulance for emergency calls, but after considerable discussion the matter was laid over for another week for further investigation.

Mt. Diablo Garage Sued For $5,000

MARTINEZ, March 17.—The Mt. Diablo Garage company of Richmond and Walnut Creek is made defendant in a damage suit for $5,000 brought by William J. McElherron as administrator of the estate of J. E. McElherron. The latter it is alleged was killed by an automobile operated by an employee of the company on the night of March 25, 1913. It is set forth that the machine was being driven at more than 18 miles an hour in violation of the speed limitations fixed by Richmond ordinance. The deceased it is alleged leaves an aged father and a sister dependent upon him for their support.

DEFECTIVE STOVE PIPE CAUSES AN EARLY MORN FIRE

A fire caused from a defective stovepipe started at an early hour this morning in the home of John Hohniski, at 127 First street. Before the fire could be extinguished the building was burned to the ground.

The members of Fire Company No. 3 were quick to respond to the alarm but the blaze had got beyond their control. The building was insured for $300.

GIRL DRIVING AUTO CRASHES INTO CURBING

An accident that might have resulted in several fatilities happened at the corner of Grand boulevard and Twenty-third street last evening when an auto being driven by Miss Biggs, residing at 540 Twenty-first street crashed into a curb. With Miss Beggs at the time were two other girl friends all of whom escaped with but a bad shaking up.

A broken axle was the cause of the machine colliding with the curb.

NO MYSTERY OVER POLICE ACTIVITIES

No mystery surrounds the activities of the police Monday evening when an employe of the Pacific Porcelain Ware company was arrested on suspicion of having stolen some money from the pockets of a watchman employed at the plant of the company. The watchman complained to the police that he had lost $16 from his pockets and an employe was taken into custody. He was released at a late hour Monday evening at the request of Superintendent Deasy, of the porcelain company. The watchman had admitted parties into the plant against the orders of the superintendent. As several visitors had been in the building it was found impossible to fasten the responsibility on anyone.

CITY ARCHITECT HAS BUSY DAY WITH PERMITS

Building permits issued by City Architect Ogborn today amounted to $3800 as follows:

O. Frasini, for the erection of a frame building on the south side of Contra Costa street, between Pacific and Golden Gate avenues, to cost $700.

J. P. Atwood, for the erection of a cottage on the west side of Belvedere street, between Lucas and Pennsylvania avenues, to cost $500.

I. Rindee, for the erection of a cottage on the west side of Sixth street, between Ripley and Pennsylvania avenues, to cost $800.

John L. Lind, for the erection of a modern cottage on the west side of Seventh street, between Lincoln and Lucas avenues, to cost $1800.

PITIFUL PLIGHT OF UNEMPLOYED SEEN BY PASTOR

Rev. Stewart of the Calvary Baptist church, returned from Sacramento at a late hour this afternoon with a number of experiences to relate about the actions of the unemployed army while camped in that city.

On the night following Rev. Stewart's arrival in the capital city a bank located next to the church at which he was speaking was blown up by safe crackers and $2000 was taken. Rev. Stewart witnessed a number of pitiful incidents connected with the handling of the unemployed army by the militia.

MANAGER WIGHT IS EXPECTING CARS

Manager Walter Wight, of the Mt. Diablo Garage, is expecting the arrival of a number of Saxon motorcars due here about the first of next week.

The cars are not cyclecars but miniature automobiles in which are embodied all the principles of a high priced machine.

DEAD MAN IS FOUND PRETTY MUCH ALIVE

"A man has dropped dead at the corner of Santa Fe and Standard avenues" was the call that flashed into the police station at a late hour this afternoon.

Sergeant Ruis, Officer Phillips, together with Undertaker Bert Curry, jumped into the police machine and sped to the spot where they found a man lying face downward in the street.

Sergeant Ruiz was first to the man's side and as he turned the fellow over a low moan issued from his lips after which he asked in a boozy voice where he was and when the next train left for San Francisco. He was promptly ushered into the machine and taken to the police station where he can sober up and appear before Judge Lindsey in the morning.

C. B. Lockhart and C. E. Merrill are spending several days stopping in Sacramento.

CITY COUNCIL HOLDS INTERESTING MEETING

I. LaSalle, of San Francisco, Demands $350 Damages From Municipality for Damage to Shack by Army of Unemployed When Recently Camped at End of Macdonald, Near San Pablo Avenue —A. Dunlap, of San Pablo, Offers to Kill Flies at Five Cents Per Thousand

All members of the city council were in their seats last evening when Mayor O. R. Ludewig rapped for order and declared the session formally opened for the transaction of business. The minutes of the previous meeting were read by the clerk and approved.

Will Pay Damages

A communication was received from the Shattuck-Edinger company informing the board that the damaged sidewalk on Terrace avenue would be repaired at the expense of the tunnel contractors.

Coleman Gets Permit

A. M. Coleman was granted a permit to improve Martina avenue under private contract entered into with the property owners on the street. The work will be commenced at an early date.

Paving Held Up

The paving of the east side of Ashland avenue and the paving of Cutting boulevard from Pullman avenue to a point near San Pablo avenue were held up pending the completion of sewers now being laid on these thoroughfares.

Wants Damages for Building.

A saucy communication was received from I. LaSalle, of San Francisco, owner of the shack destroyed by the army of unemployed recently at the end of Macdonald avenue, in which damages to the extent of $350 is demanded of the municipality. It was the concensus of opinion among the members of the city council that the building was not worth carting away for fire wood. However, the matter was referred to the city attorney for an opinion.

Santa Fe Avenue Protest Overruled

In accordance with the recommendation made by City Engineer Chapman in a report filed on the protest of property owners on Santa Fe avenue against the improvement of that street the protest was overruled. It appears that only two of the signers to the protest were bona

WATER WILL GET BETTER SAYS FARREL

Much complaint has been heard in this city on the part of our many residents at the muddy condition of the water being furnished by the Peoples' Water company. Inquiry at the office of the water company revealed the fact that five new wells have just been hooked onto the pipe line of the company and the water from this new source is naturally riley, as it were.

Superintendent Louis Farrell, in conversation with a Record-Herald reporter today stated that the trouble would not last but a few days and if the patrons of the company would have a little patience they would be getting clear water within a very short time.

When new wells are used it generally takes thre to five days to get the muddy wated pumped out.

CENTURY OLD CLOCK OWNED BY DOCTOR

A clock 100 years old that once ornamented the shelf of an aristocratic family in the town of Cavite, Philippine Islands, is now chiming the hours in the home of Dr. H. L. Carpented. The clock, a masterpiece of French workmanship, was given to Dr. Carpenter by an old soldier residing in San Francisco, as part payment for a medical bill, the soldier having obtained possession of the clock from the ruins of Cavite during the Spanish-American war.

In a small inscription at the bottom of the clock is the date 1814, Paris, France.

GREEK GENERAL IS DEPORTED

Rossi Antonio, the Greek general, arrested at a late hour yesterday afternoon on a charge of disturbing the peace, placed against him by A. F. Rice, station agent for the Santa Fe company, was given 60 minutes to leave town by the police. Rossi is charged by Rice with disturbing the peace of the Richmond avenue depot with loud and boisterous talk.

Attorney's Tangle Over Twenty Third Street

Following the action of the city council last evening in accepting the report of the commissioners on the widening of Twenty-third street the half score of legal lights present waxed warm under the collar for several minutes. Attorney Lucy appeared for Herbert F. Brown. Former City Engineer Farley was also present in the interest of Burg Brothers. Attorney DeLap and Judge Hannum were on hand to look after the interests of the commissioners and the small property owners.

Attorney Lucey declared that under no circumstances would his client consent to the acceptance of the report of the commissioners and demanded a re-assessment.

Engineer Farley maintained that although the commissioners had figured the valuation of property on Twenty-third street rather low he was satisfied with the report.

The matter will probably be threshed out in the superior court of the county unless Herbert F. Brown concludes to let the matter drop.

Mayor Ludewig voted against the acceptance of the report on the grounds that the valuations fixed by the commissioners are too high. Councilman Garrard thought the damages awarded Burg Brothers exorbitant and contended that the strip of land owned by the Burgs had already been dedicated for public use.

A petition signed by fifty property owners asking that the report of the commissioners be accepted was filed with the clerk.

Wernse Gets Letter From Congressman

H. W. Wernse, secretary of the Richmond Industrial Commission received a letter yesterday from Congressman C. F. Curry concerning the passage of the Richmond Harbor appropriation by congress this year. The letter follows:

March 8th, 1914.

H. W. Wernse,
779 Monadnock Building,
San Francisco.

My dear Mr. Wernse:

The chairman of the Rivers and Harbors Board of the House, Mr. Sparkman, today told me that Mr. Clark, the speaker of the house has informed him that without something unforseen prevents, he will be able to arrange for the consideration by the House, of the Rivers and Harbors bill which carries our project in the House this week.

There is of course some possibility that it may be delayed a little longer. The House tries so far as possible to consider each bill as it is reported from the committee. Some few bills which trailed over from last week are still before the House, but they should be out of the way in time for the consideration of the Rivers and Harbors bill. There is no dagger to our project, and so nothing to worry about. It will be approved almost as a matter of routine by both the House and the Senate.

With kindest regards, I am as ever,

Sincerely your friend,
CHARLES F. CURRY.

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

THE SERPENT STUNG BOTH EVE AND CLEOPATRA

A San Francisco editorial writer says, "If Cleopatra had been a good woman the fact of her existence would have been forgotten thousands of years ago."

Well, hardly, seeing that apparently reliable history rates the red-headed Ptolemy dame as one of the most accomplished and highly intellectual sovereigns who ever swayed a septre during the period of her queenly activities. As a linguist she was unsurpassed and altogether incomparable, speaking to all men in their own language. In diplomacy she had grape juice backed off the boards. As a heeler and handler of great men and a feminine adept at playing two several ends against an intermediate middle, she was what might appropriately be termed a humdinger, as witness the several hands and seals of J. Caesar and M. Anthony in testimony thereof. True, this incomparable lady married two of her brothers and poisoned the last, but little irregularities like that were about as frequent in her time in that country as are assassinations at the present period in Mexico, and were punished by equal promptness and severity by failing to attract the least interest or criticism from the masses, who were too busily engaged in similar conduct to practice discrimination.

Barring General Octavianus, no man ever came within the radius of Cleopatra's charming personality without immediately beginning to make a loud noise like a nut; and as for him, knowing what he was going up against, it is surmised that he fortified himself for the ordeal with some species of serum treatment effective in immunizing him from the ruinous effects of her subtle sorcery. And so humiliated and disappointed was Cleopatra at the signal failure of her usual methods to operate satisfactorily in the case of Octavinus that, Eve like, she fatally fraternized with a serpent, which joyously annexed her feminine goat.

THE RIGHT KIND OF A MAN

You can and will live long and happily if you deserve to. Things nearly always right themselves in this world. The cheerful soul who wants to live and let live; who; envies not the millionaire nor emulates the miser; who basks in the sunshine when the sky is cloudless and delights to fill his lungs with the cool air washed by the rain; who is diligent in business and not scornful of small change, yet is a slave neither to his vocation nor to avarice; who gives freely to good works and is not wrung with bitterness when occasionally imposed upon by the unworthy; who does not dread tomorrow or regret yesterday, yet hallows time with devotion to the duty of the moment—in brief, the man who is neither greedy nor prodigal of this world's goods; who does not value money for more than it is worth in terms of usefulness, who thinks healthfully, drinks abstemiously, hopes always and sings when he shaves—that is the man whose life is a glad, sweet song, and who will be loved while living and mourned when dead.

THE MAN WITH THE DOUGH

Mr. Markham was able to bring much sympathy to bear upon the downtrodden with his appeal known as "The Man with the Hoe." With the income tax now under way, isn't there some equally handy bard around to sing the burdens of "The Man with the Dough?" For it is the latter now who faces all the drear pangs of poverty and penury and poignant pain.

For example, a man with an income of $500,000 a year must now pay a tax of $35,000. By employing here the iron and rigid laws of gravity and simple subtraction we find this leaves him but $465,000 a year to live on. Unfair and unjust? More than that. It simply can't be done. Why, it's almost impossible to keep over two yachts and five automobiles on that piker's stipend.—Collier's.

The pen may be and doubtless is more mighty than the sword, but it has had to take a back seat for the typewriter.

When it comes to selecting postmasters, the fairest way would be for the President to require a vote of the constituency of the local office and be guided by the desire of the majority.

One senatorial candidate was in here this week who said that the Republican party was not dead. Maybe not. Perhaps it is a case of permanently suspended animation.

All over California civic attractiveness is sharing the honors with good roads. The two go hand in hand, for they are both the children of the same impulse—a desire to better the world and make it more attractive and comfortable to live in.

There are 31 senators to be elected in the United States this year, of which at present 14 are Democrats and 17 Republicans. That Democratic gains will result there is no reasonable doubt. The working majority of the dominant party in congress will not be changed as long as they continue to saw wood as at present.

We worked in that town as a printer years ago, in a printshop that had hundreds of bullets in it. There was a saloon on each side of it, a killing every night, and when lead was not coming from one direction it was from another.

When a trust desires to crush opposition, it puts the commodity handled down below cost, whereupon the people, who are a lot of rabbits when it comes to that sort of thing, rush to the trust concern with their money and thus make it possible to crush the honest competition. After the crushing has materialized the trust invariably puts up the price to double what it ever was before, and then the dear people howl, but they have no howl coming.

Most newspapers think they are duty bound to fill up on news whether ther is any news worth printing or not, and the result is the publication of a lot of stuff that is not interesting. Also, most editors seem to think that an editorial must necessarily be on government or politics, when in fact two dryer subjects do not exist. There are lots of things to write about except uninteresting news, affairs of government and party politics, if one just hunts them up. We would like to have a paper as big as a bedspread, but probably it is lucky for the people we have not.

Election Proclamation

EXECUTIVE DEPARTMENT, State of California.

PROCLAMATION

WHEREAS, there has been submitted to the Governor of the State of California, by Hon. Frank C. Jordan, Secretary of State, of the State of California, a petition for the removal and recall of James C. Owens as a member of the Senate of the State of California from the Ninth Senatorial District, and demanding an election of a successor to the said James C. Owens as a member of the Senate of the State of California from the Ninth Senatorial District, and said petition and demand have been accompanied with the certificate of the said Secretary of State certifying the sufficiency of said petition and demand;

NOW, THEREFORE, I, HIRAM W. JOHNSON, Governor of the State of California, in accordance with the Constitution and laws of the State of California DO HEREBY ORDER AND PROCLAIM that an election shall be held throughout the Ninth Senatorial District of the State of California, on Tuesday, the 31st day of March, 1914, for the purpose of determining whether or not the said James C. Owens shall be removed and recalled as a member of the Senate of the State of California from the Ninth Senatorial District, and for the purpose of electing a successor to the said James C. Owens as a member of the Senate of the State of California for the Ninth Senatorial District in case the voters of the said District shall recall or remove the said Owens as such member of the Senate of the State of California.

In accordance with Article 23 of the Constitution of the State of California, on the official ballot at such election shall be printed in not more than two hundred words, the reasons set forth in the petition for demanding the recall of said James C. Owens. And in not more than three hundred words there shall also be printed, if desired by the said James C. Owens, his justification of his course in office; and upon the said ballot in accordance with Article XXIII of the Constitution of the State of California, there shall be printed the following question:

"Shall James C. Owens be recalled from the office of member of the Senate of the State of California from the Ninth Senatorial District?"

Following which question shall be the words "Yes" and "No" on separate lines with a blank space at the right of each in which the voter shall indicate by stamping a cross (X) his vote for or against such recall.

On the said ballot, under such question, there shall also be printed the names of those persons who have been nominated as candidates for member of the Senate of the State of California, from the Ninth Senatorial District to succeed the said James C. Owens in case he shall be removed from office by said recall election.

The Board of Supervisors of the County of Contra Costa, shall give notice of said election by causing this Proclamation to be published at least ten (10) days before the date of said election in a newspaper of general circulation printed in said County of Contra Costa, and to be posted as provided by law; and the Board of Supervisors of the County of Marin shall give notice of said election by causing this Proclamation to be published at least ten (10) days before the date of said election in a newspaper of general circulation printed in said County of Marin, and to be posted in the manner provided by law. And in accordance with Article XXIII of the Constitution of the State of California, the officers charged by law with duties concerning elections in said counties, shall make all arrangements for said election.

AND I DO HEREBY offer a reward of One hundred (100) dollars for the arrest and conviction of any and every person violating any of the provisions of Title Four, Part One, of the Penal Code; such rewards to be paid until the total amount hereafter expended for the purpose reaches the sum of Ten thousand (10,000) dollars.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 28th day of January, 1914.

HIRAM W. JOHNSON, Governor.
(Great Seal of State)
Attest: FRANK C. JORDAN, Secretary of State.
FRANK H. CORY, Deputy.

Office of the Board of Supervisors of Contra Costa County, State of California.

Monday, March 2nd, 1914.

WOMEN MOOSE TO BE ENTERTAINED

This evening the members of the ladies' auxiliary to the local Moose lodge will be the guests of Mrs. Frank Bosworth at a whist party to be held at her home, 421 Fourth street.

The ladies of the club will complete arrangements at the party this evening for the giving of several affairs during the coming year.

It may be added that many a newspaper man gets mad while reading his own newspaper.

"I'LL HAVE A NEW SUIT IN AN HOUR!"

"It never takes me long to pick out the suit I want when I go to Cherry's.

"You know, Annette, Cherry's have a store at 515 Thirteenth street, just across the street from their men's store, 528 Thirteenth street, and I'll take the car from there to your house so I can show you my new suit.

"Yes, Cherry's is the dandy credit store that you've heard Irma speak of. I pay for my clothes in weekly installments—so does Irma and several of the other girls who go to Cherry's.

"It's awfully convenient, Annette. You have no idea how beautiful that credit way of buying clothes has helped me out a lot of times.

"Variety of styles, you say? I should say CHERRY'S HAVE! That's why it never takes me more than half an hour to select what I want there—whether its a suit, a waist, a coat, or whatever it may be.

"No, indeed, it isn't a high-priced place, Annette. Why, I expect to get a swell suit for about $20 or $25.

CHERRY'S have two stores in Oakland, 515 Thirteenth street, for women exclusively, and 528 Thirteenth street, between Clay and Washington streets, exclusively for men. The San Francisco stores are at 1009 Market street and 2400 Mission street, for men and women. The Los Angeles store is at 636 South Broadway.

"Well, I'll see you later, Annette. I can hardly wait to get to Cherry's." Advt.

CHURCH SOCIAL TO TAKE PLACE THIS EVENING

This evening the girls of the Philathia class, together with the boys of the Baraca class, will hold their St. Patrick's social in the reception rooms of the Wesley Methodist church. The early part of the evening is to be taken up with a short program, at the close of which refreshments will be served by a committee in charge.

Following is a list of the various committees which have been selected to take charge of the evening's festivities:

Irma Dearborn, Clara Higgins: social, Minnie Smith, Bessie Haller, Ada Pearce. A short skit entitled "Emerald Isle" is to be staged by Bessie Haller, Mary Smith, Nina Moody, Ada Pearce, Edith Kates, Nettie Whitesides and Olive Conn.

Appetizing refreshments have been prepared for the evening.

UNIQUE SERVICE AT THE BAPTIST CHURCH SUNDAY

One of the most unique and instructive services ever held in this city will be observed Sunday morning in the Calvary Baptist church. The Junior Girls, known as the Camp-Fire Girls, will have entire charge of the regular preaching services. Service begins at 11 a. m. sharp. Two girls of this class will usher, they will receive the offering. One will make all the announcements. The entire class will lead in the congregational singing, taking the place of the church choir. Rev. W. S. Stewart, pastor of the church, will preach an illustrated sermon especially for Juniors. Keep the date—March 22, and come.

Frank Roberts has been appointed agent for the Great Eastern Casualty company, an accident and sickness insurance company.

CITY COUNCIL HOLDS INTERESTING MEETING

(Continued from Page 1)

fide property owners.

Second Street to be Improved

A resolution of intention providing for the paving of Second street from the Santa Fe right of way to Cutting boulevard, also Sixth street from Ohio street to Cutting boulevard were adopted with the necessary plans and specifications.

Will Not Change Hydrant

The hydrant at the corner of Santa Fe avenue and Piedmont Place will not be moved according to the recommendation of the fire committee made last evening. The moving of the hydrant has been the cause of much vexation on the part of those seeking to have the change made and the city council.

Liquor Permit Goes Over

The matter of the application of F. N. Spencer for a transfer of the liquor license held by Mike Lucy on the place of business at 408 Macdonald avenue was held over another week at the request of the applicant.

Sidewalk Contract

The council decided last evening to lay 500 feet of cement sidewalk at Nicholl and Santa Fe avenues in front of city property. The work will be done under private contract.

Would Kill Flies

A proposition was submitted at the meeting of the council last evening by A. Dunlap, of San Pablo inventor of the "Getum" flytrap by which that gentleman agrees to enter into a contract with the city council to catch flies at 5 cents per thousand. The matter was referred to the health department. It is probable that some arrangement will be entered into by the city with Dunlap as the health commissioner is very much in favor of giving the fly expert a trial.

Hall Gets More Time

City Attorney Hall was granted further time last evening to report in the matter of the contention of Warren Brothers, who claim that street work done in this city where asphalt and concrete is used is a violation of patent rights held by the firm.

Hancock Protests

M. A. Hancock and Paul Dunlap filed another protest against the improvement of Scenic avenue. The protest was ordered placed on file without comment.

Want Light

Petitions for street lights at San Pablo avenue and Arizona street and at Twenty-third and Florida streets were read by the clerk and referred to the light committee for a report.

Want Paving Started

A petition signed by thirty property owners was received by the council asking that the paving of Cutting boulevard to Ashland and Fullman avenues be started at once. The request was referred to the street committee.

Give Sewer Right of way

The council ordered the city attorney to draw a contract between the municipality and Stege Sanitary district providing for a right of way for sewer pipes along four blocks of streets in the extreme southern section of the city. The city will be able to connect with the sewers by paying a proportion of the cost to the sanitary district.

Want Street Improved

A petition was received from the residents living on Main, Castro and Soto avenues asking that Downer, Nadeau and Dumont and Alvarado streets be improved. The thoroughfares are situate in the Richmond addition tract. The matter was referred to the street committee and city engineer.

Gets Extension

John Word, who has the contract for paving Ashland avenue from Cutting boulevard west, asked for an extension of ninety days on his contract. The same was granted by the council.

This year's styles are always different enough to make last year's suit look likel.

A Young Thing informs us that the hesitation waltz isn't as slow as it sounds.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacob's Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

Dainty Things Must Be Carefully Ironed

YOUR PRETTY, EMBROIDERED THINGS REQUIRE CAREFUL IRONING. DON'T RISK SPOILING THEM WITH A ROUGH, SOOTY, STOVE-HEATED IRON. THE ELECTRIC FLAT IRON, BEING HEATED FROM INSIDE IS ALWAYS CLEAN AND SMOOTH, WITH HIGHLY POLISHED FACE

The Electric Flat Iron Will Aid You

No more tiresome tramping back and forth from stove to ironing board. The Electric Flat Iron heats quickly at the turn of a switch—and stays hot. Half the labor is saved and the clothes are better ironed.

FORTY THOUSAND REFUSED FOR ONE ACRE LOT

That the property condemned by the commissioners on the Twenty-third street opening proceedings was not valued too high is evidenced from the refusal of the Oakland-Traction company to entertain an offer of $40,000 from Geo. S. Wall for the acre of ground off which the commissioners allowed the street car company $6,000 for a strip 35.26 feet by 210 feet.

Here is the correspondence between Mr. Wall and the manager of the Oakland Traction company:

Oakland, Calif.

Friend Alberger:—

I have an inquiry for the corner of 23rd & Macdonald Ave., the one acre that your company owns on this corner. Am offered $40,000 for this. If your company cares to consider this offer please let me know at once. If the sale is made will expect 10 per cent commission as this is a handsome price for one acre.

Yours very truly,
G. S. WALL.

December 28, 1912.

Mr. G. S. Wall,
Care Richmond Land Company,
San Francisco, Calif.

Dear Sir:—

This will acknowledge receipt of your letter of December 18 in regard to the acre of property owned by this company at 23rd and Macdonald Avenue.

Beg to advise that this property is not now for sale.

Yours truly,
(Signed) W. R. ALBERGER.

City Planning and Housing Reform

There is general misunderstanding as to the relation between housing and City Planning. On one hand, few of the many City Planning Commissions throughout the country have recognized that a full consideration of housing is necessary in working out a comprehensive city plan. On the other hand, few housing committees have realized that they had anything to gain by co-operating with the local bodies interested in City Planning.

City Planning in its accepted sense has to do with the physical betterment of the community. The object of City Planning is to make the community a better place in which to live, work, and play. Of these three, the idea of making the city a better place in which to live is obviously of the first importance.

Housing has to do with that which affects living conditions, and both housing and City Planning treat of the replanning of build-up arears and the laying out of new districts.

The tearing down and rebuilding of specially bad slum districts, for instance, calls for an entire new street system in those districts, and also the reserving of part of the area for a park playground, as in the case of the Bevington street area in Liverpool or the Arnold Circle development in London. This is, of course, City Planning; yet the handling of the subject demands co-operation between the City Planner and the person who is interested in housing.

In laying out of the new districts, housing and City Planning are much more vitally connected, because from three-quarters to nine-tenths of such land is used for housing.

If there is any one thing that the enormous advance in civic betterment has given to the cities, it is the belief in their right to control their own destiny, to insist that they shall develop and grow along the lines which are to the best interests of the city as a whole and not as the individual property owners may happen to wish. City Planning insists that the new portions of cities be laid out with the same foresight that any competent business man displays in developing his own plant. City Planning would avoid in the future growth of the city the mistakes of the past.

In planning a development for a new district we must always bear in mind the individuality of the community and its particular likes and dislikes with regard to its housing and method of living, so as not to impose on it a type of housing which would be hopelessly unpopular. In any case, these are all atters in which city planning and housing must be concidered together. For ideal housing developent is impossible without full consideration of the layout of lots, blocks and streets. Mutual understanding of one another's problems and points of view by those interested in housing and those who study city planning is necessary to bring about a co-operation between the two. The city authorities engaged in city planning and the city planning comission, if such there be, need the co-operation and support of the private housing organizations. It is only when they work together that satisfactory and permanent results can be obtained.

CITY PLANNING AIM AND PROCEDURE

City Planning is the name given to the science and the art of providing for the most practical and agreeable development of a city or town.

It would prevent the recurrence in newer districts of the mistakes of the older.

It would profit by that which time has proved worth while in the experience of any city.

It would diagnose the troubles of a community from all points of view, social, political, economical, esthetic.

It would prescribe the remedy best suited to the particular needs of the case, with a view also to preserving the individuality of the community.

It would determine the relative urgency of the various needs, and plan a consistent program of procelure covering every phase of the subject.

It would concentrate on these matters in turn and get concrete results.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD--END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold, Stops Nasty Catarrhal Discharges, Dull Headache Vanishes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is nothing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

ROUSING MEETING TO PROTEST RATES

MARTINEZ, March 17.—Shippers, manufacturers and representatives of the many big industrial enterprises located in Contra Costa county gathered in the supervisors' chambers in the court house Monday afternoon to protest against the abolition of the terminal rate privileges which apply to nearly all of the shipping points in Contra Costa county.

The meeting was called about 2:30 o'clock by Chairman J. H. Trythall of the board of supervisors. There were over 50 representatives of manufacturing enterprises in attendance, all of which concerns will be vitally affected by any increase in the freight rates which increase will necessarily follow if the terminal rate privileges now applying are abolished. Lance Richardson, D. D. F. and P. A. of the Southern Pacific was an interested attendant at the meeting inasmuch as it is over the road represented by him that the major portion of the shipping is done. L. L. Dimm of the Standard Oil works was another prominent attendant as was Otis Loveridge, representing the Hooper interests in Pittsburg.

The following representatives of the big industrial interests were present:

Messrs. Loveridge, Emanuel, Hanlon, Harry Ellis, L. D. Dimm, Capt. Simonton, McDaniels, Tom Fernandez, H. F. Brown, L. Salazar, E. P. Mitchell, Morrow, McClellan, Wright, McNamara, Gunn, Milnes, Ryan, Majors, Randall, McLaughlin, Sirdevan, Gregory.

No one can chase the neighbor's chickens in a dignified manner.

$12,000 PRIZES FOR REALTY PLAN

CONTEST ANNOUNCED FOR PLAN OF SUBDIVIDING RICHMOND CANAL TRACT.

In connection with the city planning exhibit, which opened in Oakland's City Hall on Friday, H. C. Cutting and W. H. Wernse are offering prizes totaling $12,000 for the best plans and suggestions as to how to divide their property, the Richmond Canal Subdivision.

The location of this property at the head of the new government channel of the inner harbor of Richmond makes it so valuable and important to the future traffic and business problems of Richmond that the owners, rather than depend upon their own plan or the plan of any one person, decided to submit the problem of dividing it to the general public.

The owner's object it to lay out the property to the best advantage for the future development of Richmond, with which they have been identified for the last ten years.

It is a question whether this property will be offered for sale, especially since the harbor work is progressing and work in the municipal tunnel has already been started.

The city planning engineers compare this property to the Battery and lower Broadway, New York, and San Francisco's Market-street business section.

Mr. Cutting has been the most persistent worker for the inner harbor of Richmond and it is entirely due to him and his associate, W. H. Wernse, secretary of the Richmond Industrial Commission, that the harbor plans were finally approved and are now on the point of execution.

S. P. RECEIVES SAFETY MEDAL

Signal honors were paid President William Sproule and Conductor William Schwab of the Southern Pacific company in New York last night upon presentation of the Harriman Memorial Medal to the Southern Pacific by the American Museum of Safety for having made the best record, in competition with all the railroads of the country, in the conservation of human life, the prevention of accident and the promotion of industrial hygiene affecting railroad employees and the public. President Sproule was awarded a silver replica of the medal as the officer immediately responsible for the administration of the company in its operations and Conductor Schwab, who hails from the Sacramento division, was given a bronze replica for making the best showing among the employes in the matter of practical suggestions and general interest manifested in the safety campaign.

The awards were made in the studio of A. A. Anderson and the medal was accepted on behalf of the company by Chairman Julius Kruttschnitt, who, after paying a tribute to the late E. H. Harriman's genius, said:

"Team work and co-operation were Mr. Harriman's watchword and his wonderful success was in a great measure due to the faith in the meaning of the words with which he inspired his officers and men. I believe the high degree of safety in train operation attained by men of the Southern Pacific was made possible only by loyal and perfect co-operation following Mr. Harriman's ardently advocated policy of working together. In the year 1913, the company's locomotives in freight, passenger and work service, ran for a distance of 59,739,000 miles, a figure too large to convey any meaning. At this rate since last Saturday night the miles ran would girdle the earth fort-six times, or nearly seven times in one day, or once in three and one-half hours. With so great a movement liability to accident is very great, yet 41,783,000 passengers were carried the inconceivably great aggregate distance of 1,756,482,000 miles and this was done without fatality in train accident. Furthermore, it was done for the four years preceding with the same immunity. Among the forty-five thousand men engaged in pursuits not involving train movement there was one fatality in every 876,400 days or 2,400 years worked."

Chairman Kruttschnitt then paid a tribute to Mrs. Harriman, who presented the medal, and President Sproule was given the silver replica.

DOUBLY PROVEN

Richmond Readers Can No Longer Doubt the Evidence.

This Richmond citizen testifies long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. James Wright, 1110 Roosevelt avenue, Richmond, Cal., says: "I was troubled all the time with weakness and pains in the hips and loins. I was almost laid up. I got up in the morning feeling so tired, lame and worn out, that it was all I could do to start my housework. My kidneys were weak and if I caught cold, it always made me feel worse. I tried everything I heard of, but didn't seem able to get relief until I began taking Doan's Kidney Pills. I soon felt like a different woman. After I had used four boxes, all the ailments had gone and my health was fine."

No Trouble Since.

On April 21, 1913, Mrs. Wright was interviewed and said: "I haven't had a sign of kidney complaint since Doan's Kidney Pills cured me some years ago. You may continue using the endorsement I have given them before."

MEJIA THROWS UP HIS MAIL CONTRACT

Al Mejia, who has the contract for delivering the mail from the Southern Pacific and Santa Fe depots in this city to the main and branch postoffices has sent in his resignation to postmaster Sam Jenkins. Mejia says that he could not make it pay at $75 per month and buy gasoline for his automobile, and then, the new regulations have gone into effect raising the weight limit on parcels to 50 pounds with the likelihood that the 100 pound limit will be inaugurated within a few weeks.

Postmaster Sam Jenkins wants somebody to bid on the contract and to that end has posted up the following notice inviting bids:

"Sealed proposals for carrying the United States Mails, including the parcel post mails authorized by the act approved August 24, 1912, on Messenger Route No. 276095 between the Post Office at Richmond, Cal., and Southern Pacific Co. 176,001 A. T. & S. F. Ry., 176,095, Point Richmond Station and between S. P. Depot & Santa Fe Depot, each way, as often as required will be received by the Postmaster until March 25, 1914.

"This service will not be let for a stated period, and no written contract with bond required.

"The service will be subject to all postal laws and regulations applicable thereto; and deductions will be made from the pay of the mail messenger for failure to properly provide for the performance of the service, and fines will be imposed for other delinquencies.

"Persons bidding must be not under sixteen years of age and suitable to be intrusted with the care and custody of the mails.

"The accepted bidder will be expected to provide for the performance of the service at the compensation stated in the order designating him as mail messenger until his employment is terminated by proper notice or order from this office; he will also be required to take the oath prescribed by law.

"Proposals must be made at a per annum rate for all service required, and persons wishing to bid should inform themselves of the amount and character of the service; and the accepted bidder under this advertisement will be required to perform, without additional compensation, all trips now required and any that may hereafter become necessary between the points named above.

"The mail messenger may resign at any time by giving the Second Assistant Postmaster General written notice thirty days before the time he intends to cease service.

"Section 1384, Postal Laws and Regulations of 1913:

1. Mail messengers shall receive the mail from and deliver it into the post office, mail cars, and on board steamboats when such cars or boats are accessible. When cars or boats are not accessible mails shall be delivered to the railroad or steamboat employees at nearest accessible point. The service shall be performed in accordance with the schedules of arrivals and departures prescribed by the postmaster.

2. The mail messenger shall guard the pouches and sacks in his custody from theft or injury, and shall obey all orders and regulations or special instructions from the Post Office Department or the postmaster affecting the messenger service.

3. Where the pouch is hung on a mail crane, either during the day or night, the mail messenger shall remain near the crane until the pouch is caught by the mail train. If there is a failure to catch the pouch it shall be taken back to the post office.

Section 1386. Mail messengers shall be paid monthly by Treasury warrant, direct from the office of the Third Assistant Postmaster General, as soon after the close of each month as their accounts can be adjusted. No settlement can be made until the postmaster's report of the service has been received.

"No more than a fair and reasonable compensation will be allowed for this service.

Postal clerks when in charge of mail are entitled to ride with the mail messenger.

"Blank bids may be secured from the postmaster upon application therefor.

"Proposals should be inclosed in a sealed envelope marked "Proposal for Mail Messenger Service on Route Number 276095, and the name of the bidder should be written on the outside of the envelope."

"JOSEPH STEWART,
"Second Assistant Postmaster General."

BIRMINGHAM IS HONORARY MEMBER

The Richmond Industrial Commission at its meeting Friday elected John Bermingham, Jr., Panama-Pacific Exposition commissioner for Contra Costa county, an honorary member of the commission in appreciation of the good work which he has done in advancing the interests of this county with the exposition management. The commission also highly commendedthe board of supervisors for the interest which has been taken in the freight rate problem and praised the board for its action in calling the meeting Monday to protest against these rate increases.

Eye Talks
If you have to remove your glasses to rest your eyes, they do not fit, a glass is worn to rest the eye and increase its powers. The fitting of an eye glass is as important an operation as any performed with the knife. You should see that you get the best of service. Gross eyes, itchy and watery eyes, jerking of the eye balls are generally caused by errors of refraction.

STEGE PROTEST OVERRULED BY SUPERVISORS

MARTINEZ, March 17.—Bitterness between two factions at Stege was shown in the protest staged at the meeting of the board of supervisors this morning and afternoon against the renewal of the liquor license of G. Rossi Bertoli of Stege. Justice W. F. Huber of Stege, represented by Attorney Dunne of Oakland, questioned witnesses and conducted the prosecution of the charges that Rossi Bertoli was conducting a disorderly place and that the son of a Richmond police officer, aged 17 years, had been sold liquor in the place last summer. The principal charge brought against the saloon was that it is frequented by a number of Italian residents of that section who conducted themselves very boisterously at late hours of night. The board took the matter under advisement to render a decision later.

Constable H. F. Davis of Stege, Wm. Ransdorf and Charles Campbell were among those called by the protestants. Davis told of complaints made by the mother of some unpleasant moments on the stand while Chairman Trythall asked why Davis did not enforce the law and arrest the saloon man.

Ransdorff said that his sleep was disturbed at night by noise made by the patrons of Rossi Bertoli's place though the witness admitted that he lived five blocks distant from the saloon in question.

Attorneys Leo F. Tormey and J. E. Rodgers appeared for Bertoli and put the witness over some "high jumps" in many cases weakening the effect of their testimony. The board finally denied the protest and unanimously granted Rossi a license.

REFINERY TALK AT COUNTY SEAT

MARTINEZ, March 17.—Although there are many reports current as to the establishment of a great oil refinery at Martinez no definite facts are available and the officials of the Shell Rothschild company are not as yet in a position to make authoriative statements concerning the developments under consideration in the directorate.

Attorney M. R. Jones, who secured the option on the Fraser and other lands for certain clients, is of course not at liberty to divulge any facts in connection with the recent deal other than those with which the public is acquainted.

He however states that the lands were not to his idea of it acquired for speculative purposes and that had the intention been to purchase them for oil storage purposes other lands could have been acquired for a far less price that would have served as well.

He declares that he does not know personally to what use the lands will be put that have been secured under the six months option but as a large amount was paid down on the option it is significant that Attorney Jones' clients intend to complete the purchase and are not dealing in speculative futures.

Mr. Jones is giving his private opinion of the deal is well satisfied that a refinery is coming to Martinez and that the facts will be made public at least when the final payments are made upon the options which fall due within six months if not before.

HIGH SCHOOL NOTES

By Earl McCann

On Friday afternoon the track members of the school will engage in an inter-class track meet which will be run off under the direction of Coach Rinner, of Berkeley, at the East Shore oval.

A number of the track squad took yesterday afternoon off from their regular grind to enjoy a dip in the bay at the southern portal of the Santa Fe tunnel. Those who composed the swimming party were Terrel Stokes, Lipp, Cox, Neville, Cameron, Horvitz and Brown.

The L'Estudina glee club will meet this evening at the home of Miss Edith Selvy, 330 Bissell avenue.

This evening the members of the cast for the "Windmills of Holland" will hold a dress rehearsal at the high school under the direction of Miss Beth Martin of Berkeley.

AUTO LICENSES MADE IN EAST

(Martinez Gazette)

"Made in Beaver Falls, Pennsylvania" is the stamp on the back of the new State License auto tags which are being received and which appear upon cars, both front and rear. A number of people have asked "Why these tags are not made in California?" Probably because they were contracted for with the lowest bidder who chanced to be an eastern firm the fact that the money paid by California might well be spent within this state which is not being done. Rather a poor way of promoting Home Industry to the casual observer.

Interesting Contest
$12,000 in Prizes
$5,000 First Prize

FOR THE BEST PLAN OR SUGGESTION TO SUBDIVIDE OUR PROPERTY

$7,000 OTHER PRIZES

No Matter Who You Are, With a Little Common Sense, Foresight and Logic You Should Win at Least One Of These Prizes.

The Property

RICHMOND CANAL SUBDIVISION

The property to be subdivided is the logical business center and the best part of the waterfront of Richmond. It is located between the Inner Harbor and the Municipal Tunnel—the gateway to the Outer Harbor, and extends to the inner arm of the Government channel. Its similarity with the Embarcadero and the business part of Market st., San Francisco, and Oakland Harbor and Broadway is obvious.

The Reason For This Contest

Having studied the industrial conditions of the Atlantic Coast cities and realizing the tremendous effect the opening of the Panama Canal will have upon the industrial development of the Pacific Coast and that of Richmond in particular, we feel that the correct planning of this vitally important piece of property will have far-reaching consequence upon the future traffic and business problems of Richmond.

With this in mind and having the future of Richmond, with which city we have been identified for the past ten years, at heart, we feel ourselves inadequate to the task, rather than use our plan or decide upon the plan of one single person, we have decided to call in the general public and by a planning contest secure the best idea possible.

CONTEST OPEN TO ALL---Not Skill, But Common Sense

You need not be a draughtsman, architect or engineer; all you require is common sense, logic and application. San Francisco and Oakland, both harbor cities, are laid out along certain lines, like all other harbor cities. Bear this in mind, and then suggest where the main thoroughfares will be located on our property.

We Furnish Maps, Charts and Full Instructions Free

All you need is a pencil, a little thought and you may win one of these prizes.

This May Help You in Your Planning

Visit the City Planning Exhibit at the Oakland City Hall from March 18 to March 22. It has just arrived from New York, where it attracted nation-wide attention. It embodies the thoughts and imaginations of the best thinkers of the world. By attending this exhibit you have all this knowledge at your hand, and your task will become very easy indeed.

We appeal to young men and women of a serious turn of mind, business men, professional men, societies, clubs and all level-headed people who observe and do not go through life with their eyes shut.

These Are the Prizes

$5,000 for the best plan suggested.

5 prizes of $1,000 for the next best suggestions.

$500 to the person who will write the best and most logical essay on the development of Richmond within the next ten years.

5 prizes of $100 each for the next five best.

$500 to the person who will write the best essay on this property being the logical business center of Richmond.

5 prizes of $100 for the five next best.

We reserve the right to use any or all of the plans, or a portion of any or all of them, because we think even the best plans might be improved by a composite plan made up of ideas drawn from the many which will be submitted. The prize money will be paid in Richmond real estate, which is even better than gold dollars.

The judges will be announced in the paper later.

Get in This Contest, All of You. It's Fun, It's Interesting and the Prizes Are Large and Worth Spending a Few Hours over.

We Furnish Charts, Maps and Full Instructions, Free. Send for Them Today—Now.

To All Citizens Interested in the Future of Richmond

Tomorrow, Wednesday is going to be Richmond Day at the City Planning Exhibit which is being shown in Oakland's New City Hall

We cordially invite every one in Richmond who has its future at heart to visit this exhibit, which has created a nation-wide attention while being shown in New York.

Richmond needs the thought and attention of its citizens REGARDING THE FUTURE LAYING OUT AND PLANNING of this community for there is not another city in the whole United States which future can be compared to the tremendous development in store for Richmond, which will be brought about by the opening of the Panama Canal and incidentally the construction of harbor facilities for this, the Industrial Center of the Pacific Coast.

DO NOT FAIL TO VISIT THE EXHIBIT.

AMERICAN FORESTERS TO MEET IN SALINAS

The grand court of the Foresters of America in the jurisdiction of California is to hold its next annual session in the city of Salinas, Monterey county, during the early part of next May. Arrangements for the reception of the delegates from the subordinate courts, as well as those from the circles of the Companions of the Foresters of America, the grand circle of which is to meet at the same time and place, are being made by Court Santa Lucia and Santa Lucia Circle, assister by a committee of the leading citizens of the place. Charles F. Brown is the chairman and H. C. Bell, secretary.

The two grand bodies will have an aggregate of about 300 delegates and it is expected that these will be accompanied by more than 200 relatives, so that the city named, will have its population increased for one week by about 1,000.

The city is to be decorated in patriotic colors. These will be made bright at night by electric lights. On the principal street, there is to be a large arch festooned with garlands, flags and tri clored bunting. At night it will be illuminated with a motto of greeting to the visiting delegates.

The men's branch of the order will hold its session in the fine building owned by the court, while the women's branch will meet in the Masonic hall.

The program adopted shows that on Monday, May 4, the reception committee will meet the delegates at the railroad station with a band of music and escort them to headquarters where they will be turned over to the hotel and placing committee.

On Tuesday the two grand bodies will be in session all day. In the evening there will be competition in the ritualistic work of each for

SOCIAL TO DEFRAY SONG BOOK EXPENSE

The Ladies' Aid Society of the San Pablo Baptist church will hold a social in the reception parlors of the church this evening for the purpose of defraying the cost of twelve song books which were purchased for the Sunday school.

The affair promises to be one of the most enjoyable that has been held by the ladies of the church for some time. No refreshments will be served. A good program has been prepared.

Probably the best advice in the world is this: Ignore your enemies.

prozes. This will be followed by an exhibition drill in Main street.

The following night there will be a grand Mardi Gras ball on that street, opening with a parade and closing with the awarding of the prizes to the teams winning in the contest of the evening before.

There will be but a short session in each body on Thursday, as there is to be a basket picnic at Alisal Park in the afternoon. In the evening there will be a promenade concert.

Each body will terminate its programmed business on Friday and on the following day the officers elected in each organization will be installed. On Friday night the festivities will close with a grand ball. Delegates who remain over until Sunday will have an opportunity to dance the tango on Main street on Saturday night.

The grand court will have many matters to engage its attention. A strong effort will be made to have the 1915 session held in San Francisco, where the supreme body will hold its convention later in the year. The grand circle will follow the grand court.

LATEST STYLES WORN BY LITTLE FOLKS AT PARTY

Miss Vivien Transie entertained a number of her little friends at a formal party held yesterday afternoon at her home, 426 Richmond avenue. Many of the boys present at the affair were attired in full dress suits, while the little girls wore some of the latest of spring gowns. A program took up the early part of the afternoon, at the conclusion of which chocolate and cake were served by the hostess.

Those present at the party were Misses Uldine Adams, Ilia Arnold, Claire Adair, Clarice Carey, Muriel Fitzpatrick, Rita Arnold, Carol Ford, Virgil Fenner, Blossom Griffin, Meriam Garrard, Maud Henry, Emily Henneth, Ruth McMenaman, Bessie Palmer, Bessie Johnson, Marion McMenamon, Isabel McGregor and Everet Aines; Wesley Arnold, Franklin Brooks, Philip DeLuna, Clarence Ford, Edward Fitzpatrick, Martly Dowling, Rideley Greathouse, Morthoup George, Marshall Heidecker and Warren Innis.

MISS LLOYD CAME AND CONQUERED

There are just three things to say about Marie Lloyd who began her engagement at the Oakland Orpheum yesterday.

First—Miss Lloyd came.

Second—Miss Yloyd was seen and heard.

Third—Miss Lloyd conquered.

Everybody who knows anything about theaters knows that Marie Lloyd is regarded as the greatest music hall star in the world. In England they adore her. She is a popular idol. Her name in front of a London theater is sufficient to pack that theater to the doors for a month at a time.

In America Marie Lloyd is practically a stranger but it takes no great cleverness to appreciate the fact that she is remarkable. The Orpheum crowd yesterday handed its tribute of admiration and applause to the English star and joined the procession of those that worship at the Marie Lloyd shrine.

No one of the English women who have come over the Orpheum circuit resembles Marie Lloyd. Her sister, Alice, is of an entirely different brand. There will be thousands who will want to compare the two sisters, and all these persons will be able to announce that although they are sisters as far as blood is concerned, they are not sisters in the world of art. Marie Lloyd is distinctly different.

In all her songs she depicts types that are true to life and depicts them with marvelously clever touches. One gets a new sensation in watching her for there is absolutely only one Marie Lloyd in the world.

The Orpheum management and Miss Lloyd as well, are fortunate to have a splendid show with which to surround Miss Lloyd. The Hockney Company are foreigners with a gymnastic unicycle novelty which is decidedly interesting.

Foster & Lovett, offer a lively portpourri of nonsense in song which they produce under the nondescript title of "Who's Who."

There is laughter and plenty of applause when Collins & Hart appear with their strong man stunt, and they illustrate the truth of the old adage that appearances are often very, very deceiving.

Madge Maitland is a character singer who has a way of her own and songs that are decidedly unique. They caught the fancy of the Orpheum patrons and Miss Maitland was allowed to score a very solid success.

Billy Rogers, one of the cleverest musical mimics that has ever been over the circuit, pleased with some novelties in his line of endeavor.

"Ginger Snaps" or in other words, a little nonsense of a lively sort is the contribution of Kelly & Pollock to the program.

The performance is opened by the Throwing Tabors who are club manipulators of class.

Some exclusive Orpheum motion pictures showing the world's events in picture form round out the show.

A man, being so much better than a dog, ought to have more privileges.

ST. PATRICKS BALL AT EAST SHORE THIS EVENING

This evening the members of the Y. M. I. will entertain their many friends at a delightful dancing party to be held in the large pavilion at East Shore park. The committees from both orders have spent the last few days in decorating the large hall for the coming dance which promises to be one of the largest attended that has been held at the park for some time.

The hall is to be prettily decorated for the dance in green streamers and palms. The committee which will have charge of the dance follow: Y. M. I., P. Gallagan, T. Riordan, L. Tavol; Y. L. I., Kate Riordan, Mrs. J. McCann, Mrs. H. Decker.

UNEMPLOYED ORDERED TO VACATE LOT

SACRAMENTO, March 17.—From the top of a soap box and surrounded by 300 members of the unemployed "army" encamped at the Broderick end of the Northern Electric brodge, Sheriff W. Monroe of Yolo county late yesterday afternoon delivered the long expected ultimatum to the masterless men, demanding that they evacuate their bivouacs and be cleared off the sand lots by tomorrow morning at the latest.

"First of all I would like to refer to the kindly feelings that always have existed between Yolo authorities and yourselves. I would like matters to turn out that nothing will occur to mar that relationship, but I have to tell you that by the next day the lot must be clear. 'If it is not then I shall be compelled to take steps to put you off. I would advise you to start moving right away, for the Sacramento officials will not consent to your croesing the bridge in anything but twos and threes and only at considerable intercals, so that if a large body of men like you are is to be out of here by Wednesday you have not any time to lose. There will be freight cars ready on the Southern Pacific tracks on this side of the railroad bridge and any of you that care to get aboard will meet no hindrance."

Kelley Sends Message

Sheriff Monroe then read a letter written in jail today by "General" Charles T. Kelley in which the latter advised his followers to act as they thought best, for they were outside and in touch with the situation. After folding up the note and putting it back in his pocket the sheriff pleaded with the men to go, if only for the sake of their leaders, for all refusal to leave the neighborhood of Sacramento would harden the officials of the capital towards the prisoners. If they would leave, however, he thought he could promise that it would not be long ere their chiefs were restored to them. As to their meeting again and reforming their "army" in some other place that was a matter with which he had nothing to do; as far as he was concerned they were at perfect liberty to do anything of the kind, while if they cared to behave as lawabiding citizens they could pass anywhere in Yolo county.

The men decided to postpone their decision until a meeting called for tomorrow forenoon.

Will Enforce Ultimatum

Sheriff Monroe stated that short shift would be given that portion of the "army" that might insist on holding the fort, while he was prepared to arrest any agitator who interfered with the men's peacable departure in the time named.

In the office of District Attorney Eugene C. Wachhorst of Sacramento it is believed that the back of the "On to Woshington" movement has been broken, but those who have been in close touch with the situation are not sure of this. Officials think that not more than 400 men are left in camp, while the unemployed assert that their ranks number 700; probably between 500 and 600 still are on the ground. Following the encouragement given the "army" by the visit of the clergymen and Mrs. Cora Bates Sunday, J. S. Wightman returned to the camp yesterday from San Francisco with news that the Socialist party was taking up the cause of the workless and that petitions were being circulated through California today asking Governor Johnson to call a special session of the legislature to deal with the unemployed situation.

Sheriff Visits Camp

Sheriff Dave Ahern of Sacramento visited the unemployed camp several times yesterday. On one of his trips he took with him H. F. Ames, one of the jailed leaders. Beyond shouts of welcome and encouragement the "army" members did nothing.

There was little food in the camp yesterday, Sacramento and Yolo remaining true to their determination to starve out the jobless horde. The little that was sent across from the proceeds of the collection taken up at the visit of the clergymen Sunday was but a drop in the bucket. It was reported by Sacramento officers that fifty-two of the men who had deserted the camp had boarded a Western Pacific stock car Sunday night and gone east. Others have left with their packs through Yolo county, along the Southern Pacific, and from many points news is received of small bodies of men. Many are said to be headed back to San Francisco, there to join the new organization, of unemployer, said to number 1500 men.

'HUNKY' SHAW TO LEAVE FOR THE NORTH TONIGHT

"Hunky" Shaw, who has sported a Richmond uniform for the past year, will leave this evening for Vancouver in company with "Jake" Killilay of the Spokane team, to start their season's training work with the Northwest League.

The two ball players probably have as company on the trip "Slim" Nelson who will try to secure a berth on one of the teams in that league.

SEWING CLUB HOLDS MEETING

The Tuesday afternoon sewing club met this afternoon at the residence of Mrs. Tom Woods, on Ninth street. The woods residence was tastefully decorated in green.

Those present at the meeting were Mrs. Kleinkauf Mrs. McCullough and Mrs. Tom Woods.

CORPORATION ASSETS ARE OVER BILLION

The total assets of public service corporation in California, exclusive of steam railroads, is fixed at $1,674,431,051 in the annual report of the state railroad commission for 1913 filed yesterday with Governor Hiram Johnson.

This grand total is composed by the following:

Thirty street railroad companies, $454,892,593.

Two hundred and thirty-eight water companies, $237,021,577.

One hundred and thirteen gas nd electric companies, $313,885,259.

Thirty-seven wharfinger and warehouse companies, $15,816,093.

The net profit of these corporations totaled $18,087,597 as follows; street railroad, $3,986,966; water companies, $1,074,695; gas and electric companies, $8,511,093; telegraph and telephone companies, $4,001,057; wharfingers and warehouses, $513,766.

BRIDGE TO SPAN CHASM OF CREEK

The bridge spans a 40-foot chasm and is to be of structural steel.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before Breakfast if your Back aches or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—advt
